Take Me Home Pet Rescue

Contact: Kimberly DeWeese, volunteer@tmhpr.com

Website: www.tmhpr.com

Take Me Home Pet Rescue (TMHPR) is a dedicated organization committed to the welfare of foster animals, offering them a chance to meet potential families and find forever homes. Volunteers play a crucial role in supporting TMHPR's mission, with various opportunities to contribute and make a significant impact. One such opportunity includes participating in the Saturday morning meet & greet events. These events are a vital part of TMHPR's efforts, where foster animals are brought to the center to interact with the general public. Volunteers can assist in several ways, from handling the animals, providing administrative support, to tidying up the space to ensure a welcoming environment for both the animals and visitors. Additionally, TMHPR seeks volunteers to help with community outreach by distributing flyers to local businesses. This task involves advertising the meet & greet events and asking businesses to display these flyers in their windows. This role offers flexibility and a wonderful chance to engage with the community, spreading the word about TMHPR's mission and upcoming events. If you're interested in contributing to TMHPR's cause, you're encouraged to choose the volunteer opportunity that best suits your interests and schedule. For those eager to make a difference in the lives of foster animals and support TMHPR's mission, please fill out the volunteer form at www.tmhpr.com/volunteer to get started. Whether you're assisting at events or helping with community outreach, your efforts will significantly support TMHPR's goal of finding loving homes for foster animals.

Mentors work one on one with the student and they discuss grades, how the student is doing, helping them to set goals for themselves and help them make the best decisions with the issues that they are facing. Mentoring in the simplest form is one person pouring into another person the wisdom, knowledge, and experience that you have in order to help them become the best that they can be. A great mentor is a good listener, compassionate, patient, and able to communicate their passion to the one they are mentoring. The greatest example of mentoring is what Jesus did with the disciples for the 3 years of his ministry. He loved them for who they were but looked past their rough exteriors and saw the greatness in each of them. He loved them too much to let them stay the way they were.

Through this ministry you will be blessing two different groups of people: current patients, and the caregivers of those patients. Your role as a volunteer is to be a vessel of joy to those who are in difficult circumstances. You will be going into the homes of the patients and spending time with them. You may even just read to them or watch television with them. Patience and compassion are two spiritual gifts that would be exemplified in this ministry. The hours are very flexible, as are the days to serve.

Bridges is a faith-based, nonprofit organization with the mission to provide transitional housing to homeless pregnant mothers as well as women in crisis and their children. Our partnering donors and volunteers believe in the heart and the ministry of encouraging and educating women by providing for them in their time of need. Our Safehouse and Boutique work together to empower the women who come through its doors by equipping them with the tools they need to successfully sustain the Bridge they have Built. We have had to rethink the way we minister to our mothers, children, and our community during the Pandemic. With that, came the thought of volunteers connecting via Video (Zoom, video chat) for Bridges Safehouse. Our hope is to have volunteers commit to having a 30 minute to an hour, weekly class (if their time and or schedule permits) to be a blessing to our residents by bringing the outside world in to them.
